**Subject:** Clam sampling

Hey there-

It pains me to say this, but I feel I need to postpone the sampling again due to some details in the sampling design that I need to finalize and incorporate into the QAPP. I'd like to share with you what I have, and get your input on several issues, including what your responsibilities will be. I'll send out a draft by the end of the day, and will include some sampling design issues I'd like some feedback on. I'd also like find out your availability during the first two weeks in October, especially Oct 6-7, and 13-15.

Sorry for the delay, and thanks for your patience.

Eric
